Latvala likely groped aide, Senate report concludes

Allegations could lead to expulsion from Legislature

By GRAY ROHRER | Staff writer

TALLAHASSEE — Jack Latvala, the powerful Florida senator and candidate for governor, likely sexually assaulted a Senate staffer, a report released Tuesday found. The allegations could lead to his expulsion from the Legislature and even criminal charges because of unexpected new allegations that he sought sexual favors for his support of legislation.

The report by special master Ronald Swanson, a former appellate court judge, found probable cause of four instances of “inappropriate and unwanted” physical contact by Latvala on Rachel Perrin Rogers dating to 2013.

But it also revealed new allegations by an anonymous female lobbyist that Latvala frequently groped her and suggested

Deputy allegedly helped drug ring

He's accused of telling leader how to avoid cops

By LINDA TRISCHITTA | Staff writer

A veteran Broward Sheriff's deputy has been charged in connection with a drug trafficking organization that imported and distributed large quantities of cocaine and heroin in South Florida, according to an arrest affidavit.

Albury Augustus Burrows, 47, is accused of assisting the leader of a drug trafficking organization by briefing him on police tactics and giving advice on how to avoid detectives and prosecution, investigators say. The arrest came after a yearlong investigation by the Broward Sheriff's Office and the U.S. Drug Enforcement Administration that alleges the ring operated in Palm Beach, Broward and Miami-Dade counties, authorities said.

Wife loses fight to get guardianship over Forman

Clerk of court also sought control of bank accounts

By MEGAN O'MATZ | Staff writer

FORT LAUDERDALE — Broward Clerk of Court Brenda D. Forman has failed in her quest to convince a judge to declare her 71-year-old husband senile and name her as his guardian.

A committee of three independent examiners concluded that Howard C. Forman “is

not incapacitated in any respect,” Judge Mark Speiser determined this month, dismissing the case.

The order notes that the panel of experts agreed unanimously. The word “unanimously” is emphasized in bold.

The decision is a victory for Howard Forman, a longtime Broward politician who served as clerk of court himself until he retired last year and helped get his now estranged wife elected to his old job.
